Dear Member

PAY PROTECTION

Last year the previous Joint Branch Secretary made a commitment to our UNISON members to ensure that as few people as possible eventually end up in pay protection.

This UNISON Branch is working hard to honour that commitment and that is why I want to know who at the end of the Appeal, Changed, or New Job Process is still facing pay protection:-

Appeal
Changed
or
New job process

I realise it may be a little while before everyone has had the opportunity to complete either one or all of the processes above, but as soon as you have that information please let me know:-

Your name:- _____

Job title:- _____

Workplace:- _____

JA ref number:- _____

Job Evaluation score:- _____

Previous pay scale:- _____

Already the number of people facing pay protection has dropped by well over a thousand due to the hard work of your UNISON representatives, and hopefully with the information you now provide that figure is set to fall further.

If ultimately there is a fair pay and grading structure, that has no negative impact on our members we will have done a great job, and that is what we are working hard to achieve.
